Ocean Life

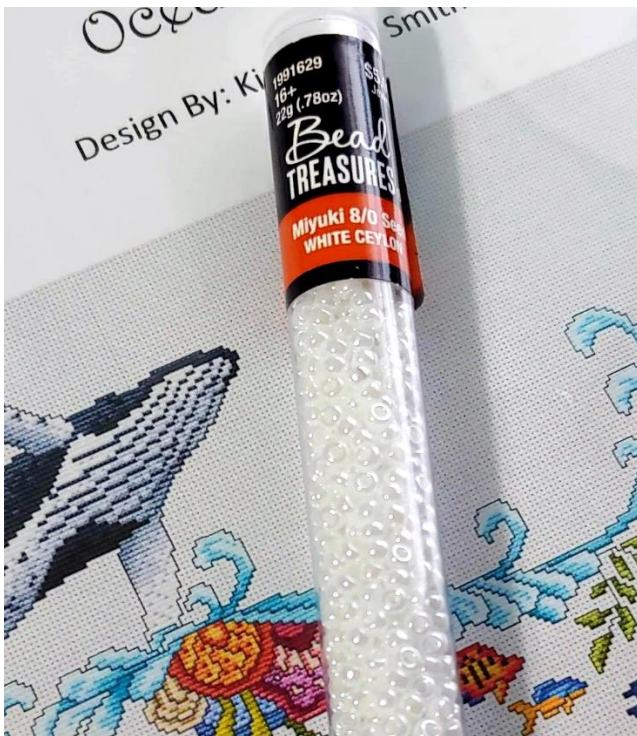

Special Stitching Instructions

When backstitching, use DMC 936 for all leaves, stems and kelp.

For the leaf stems use 2 strands of thread for backstitching.

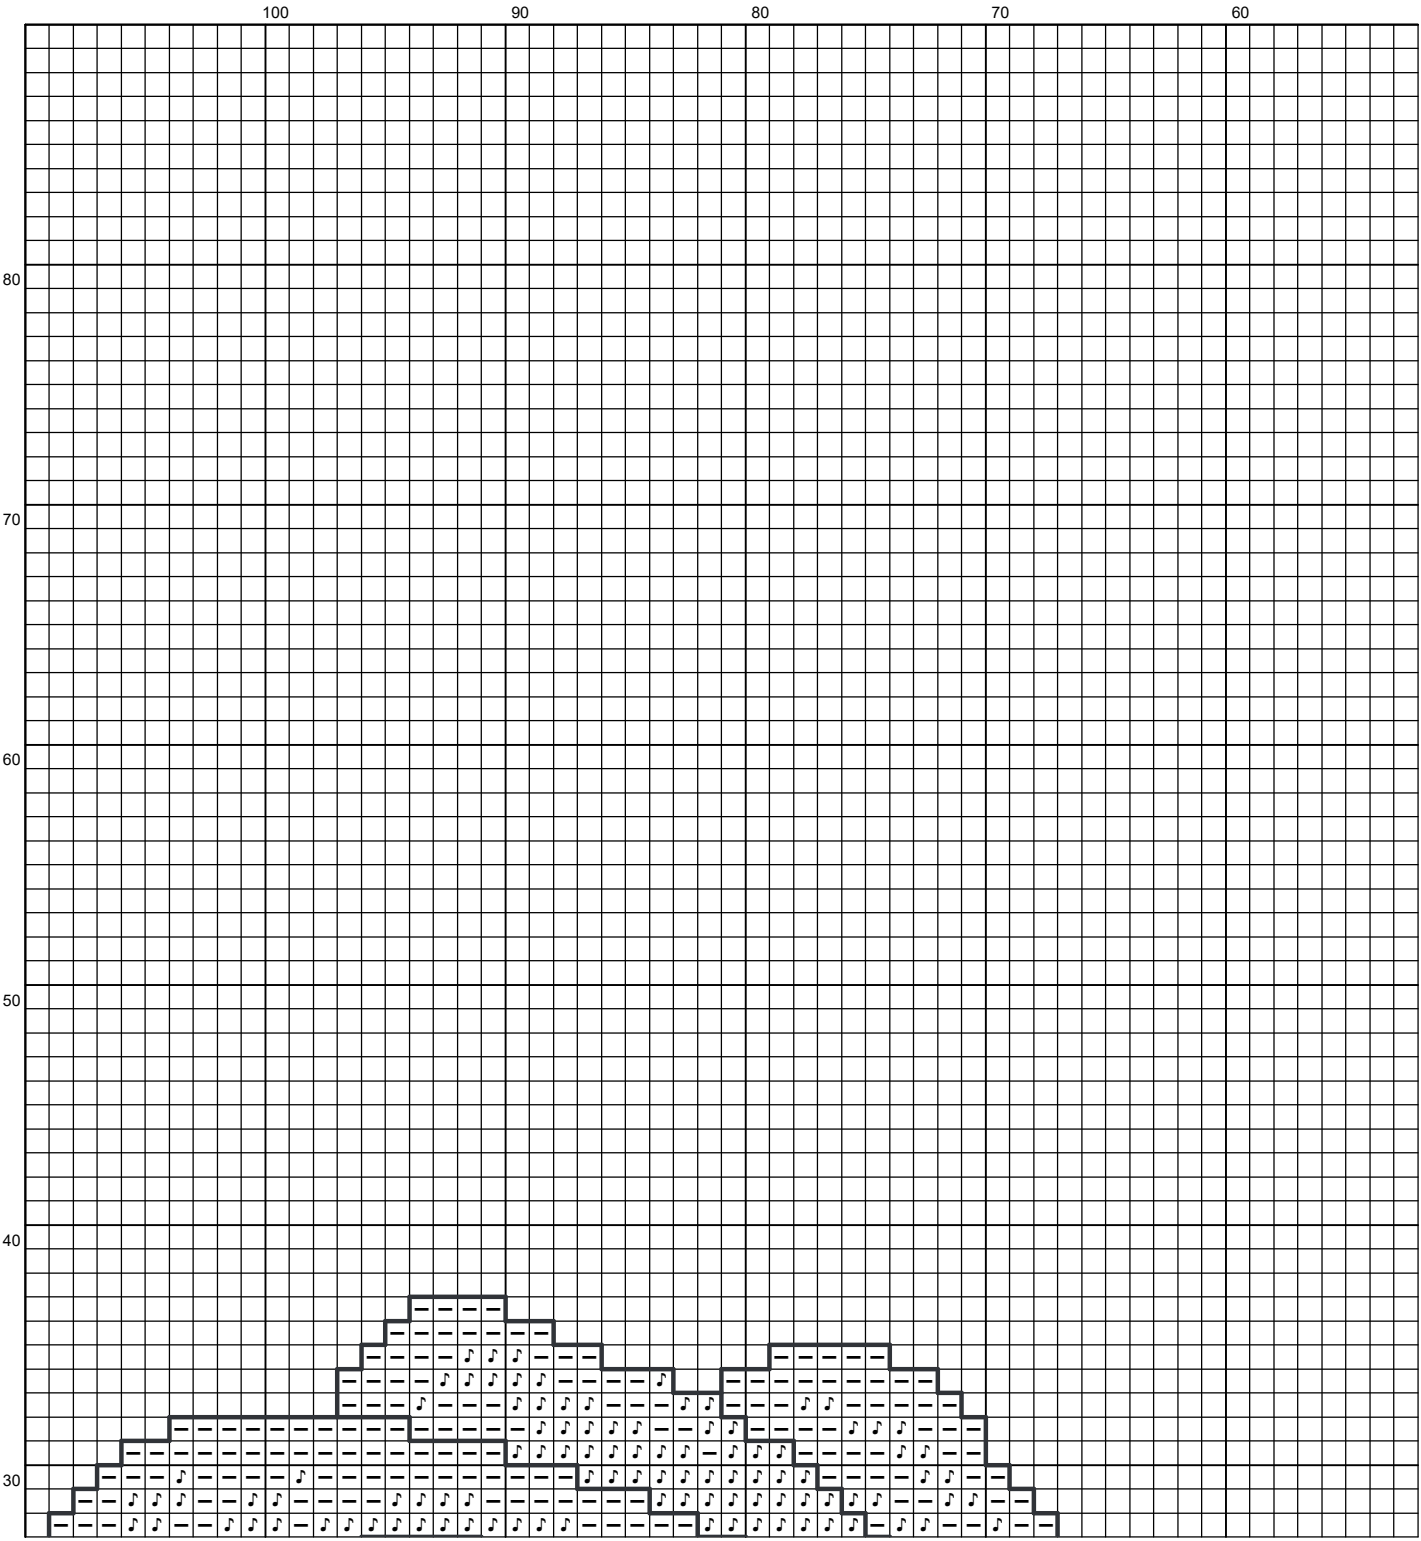

For the Leaves and kelp, use 1 strand of thread for backstitching.

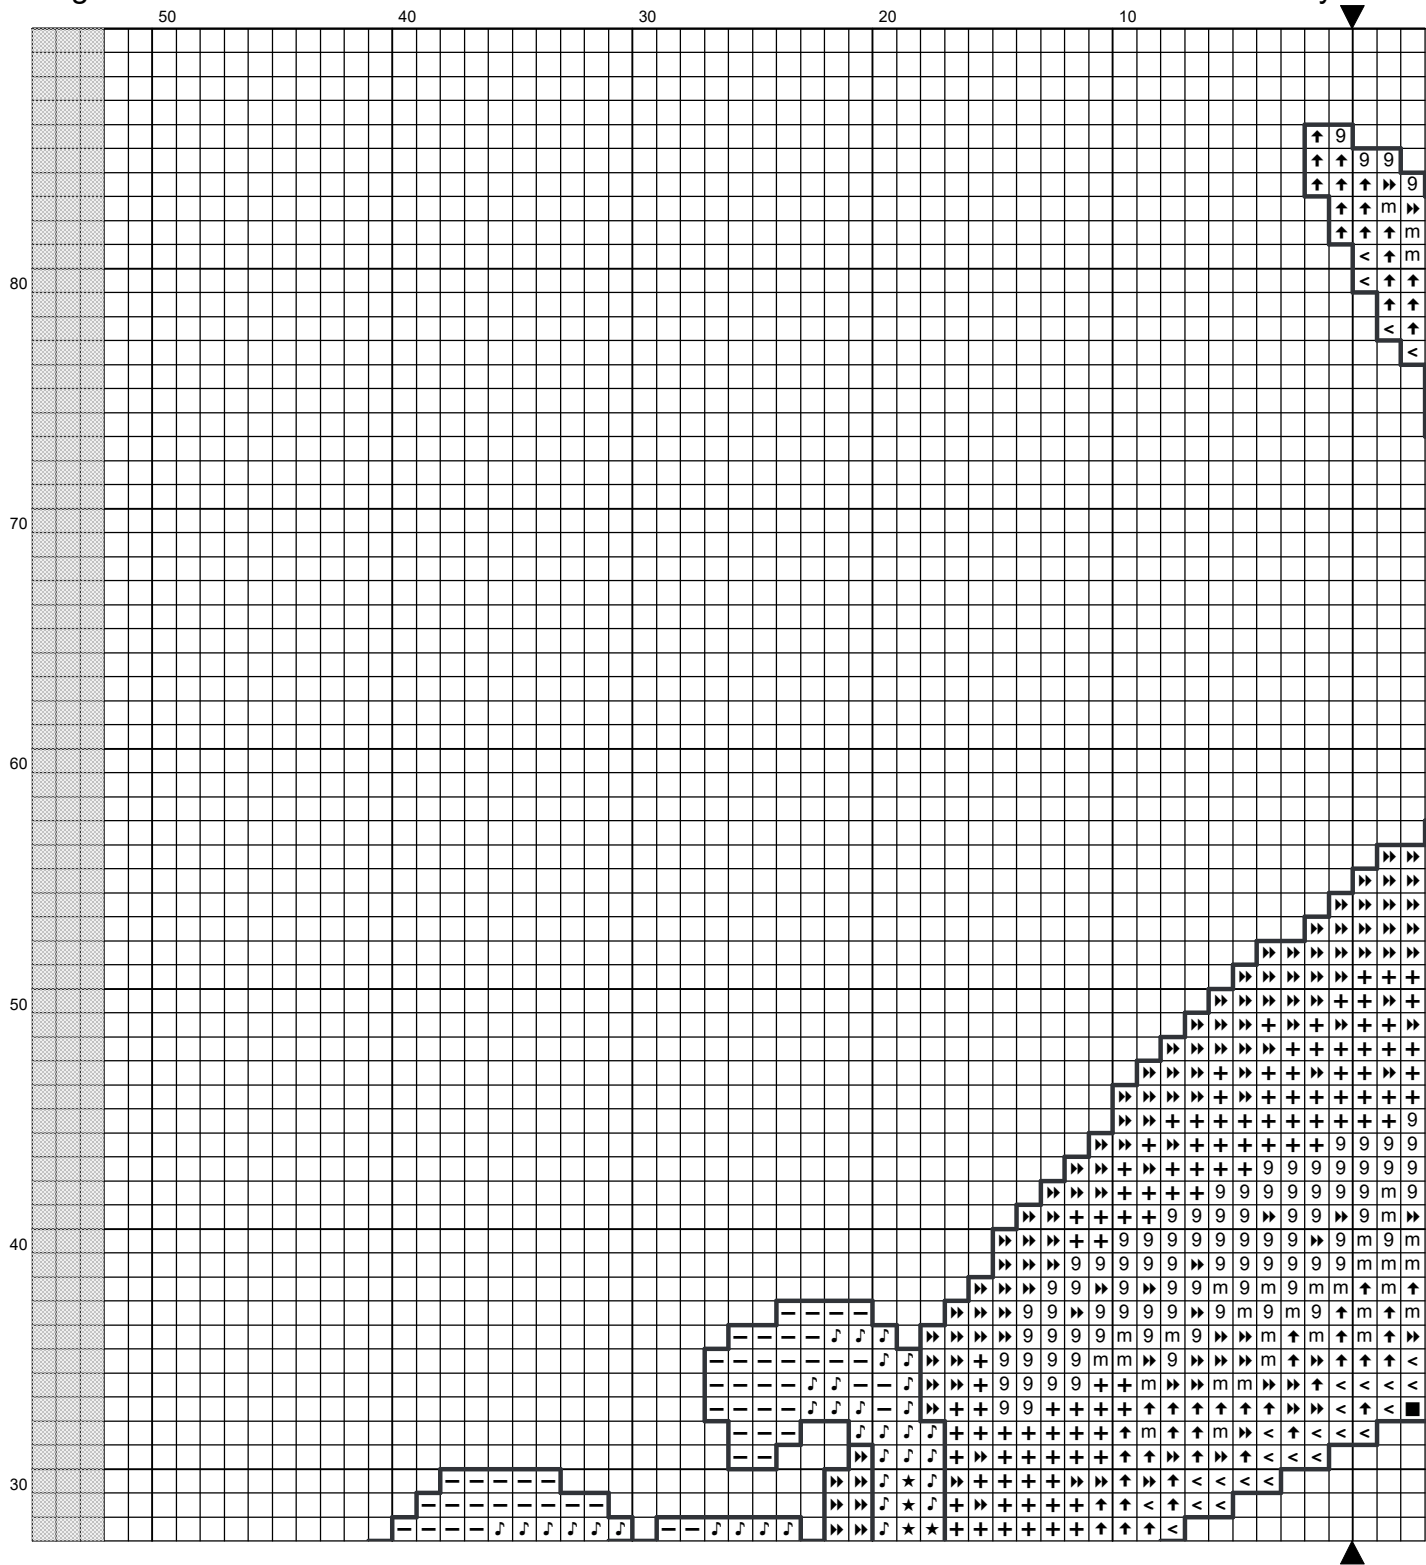

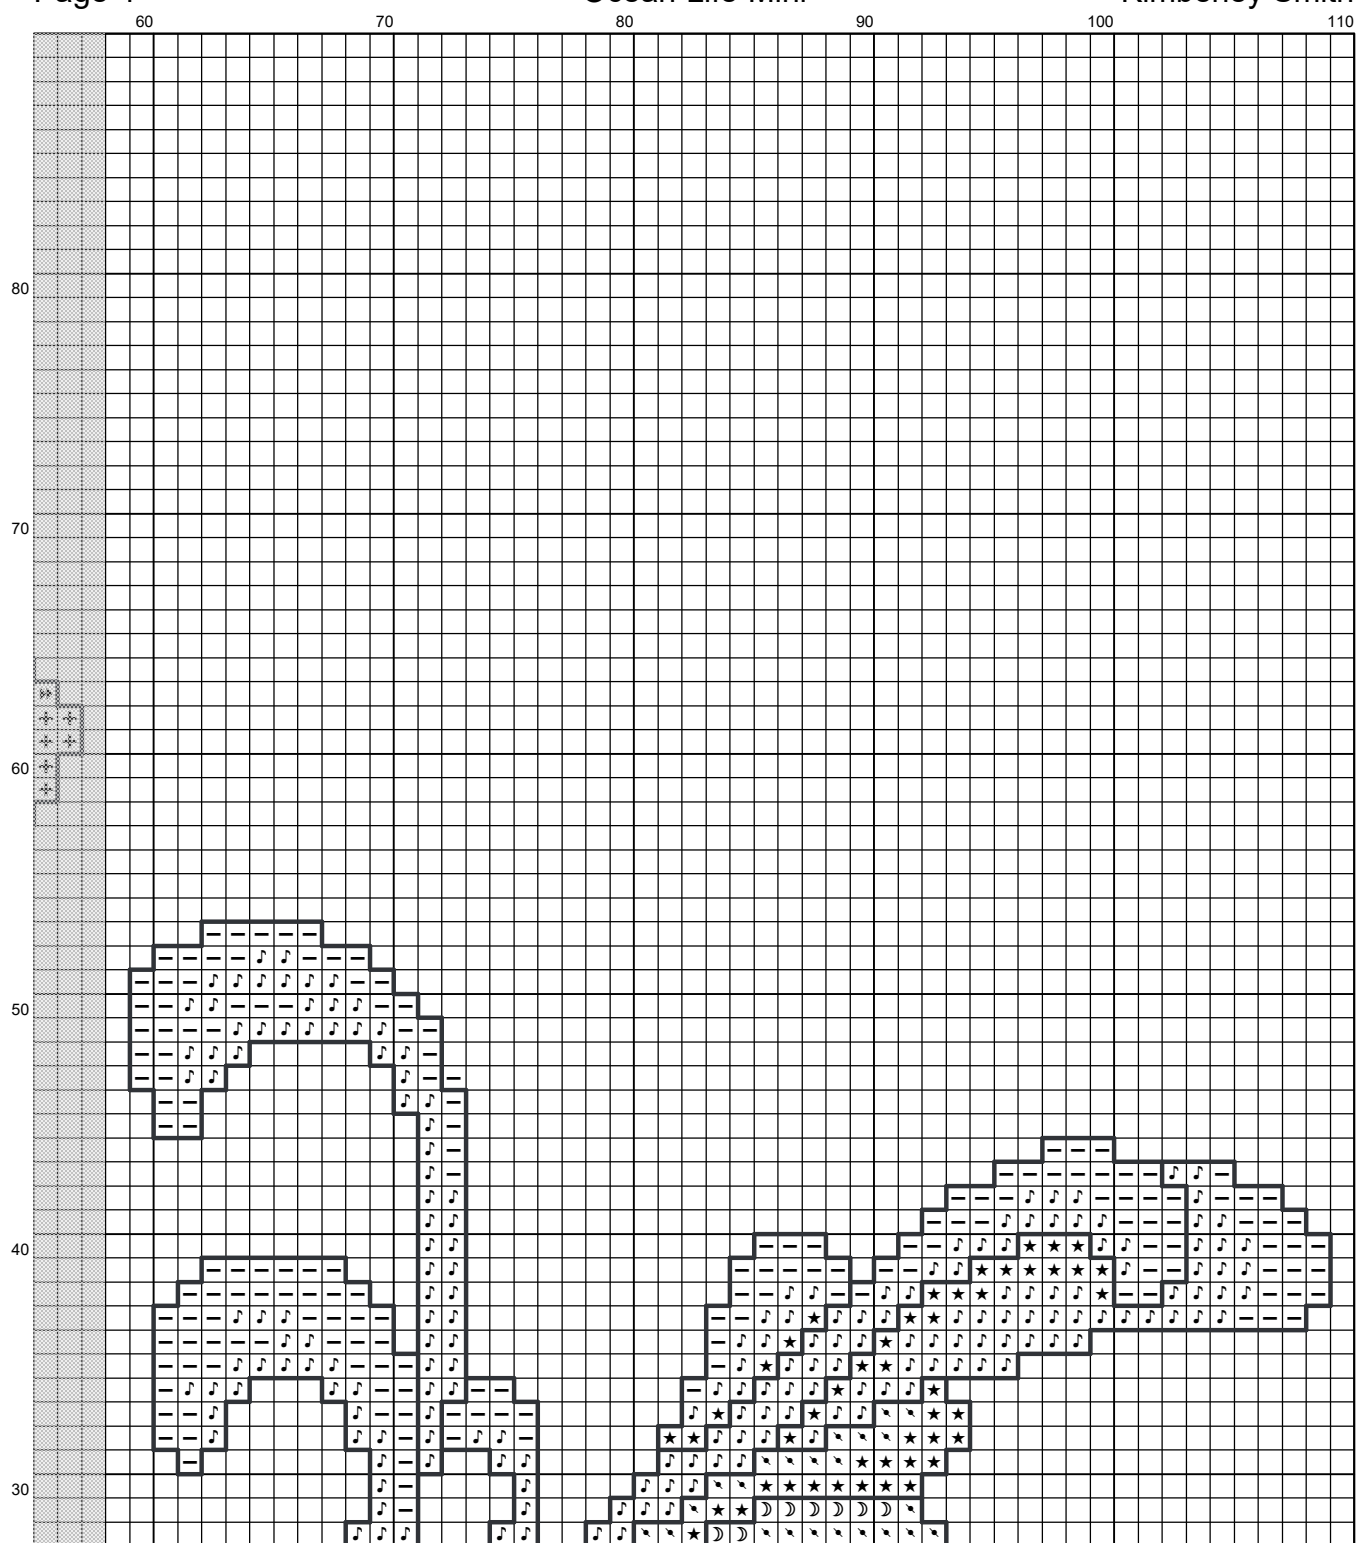

Optional

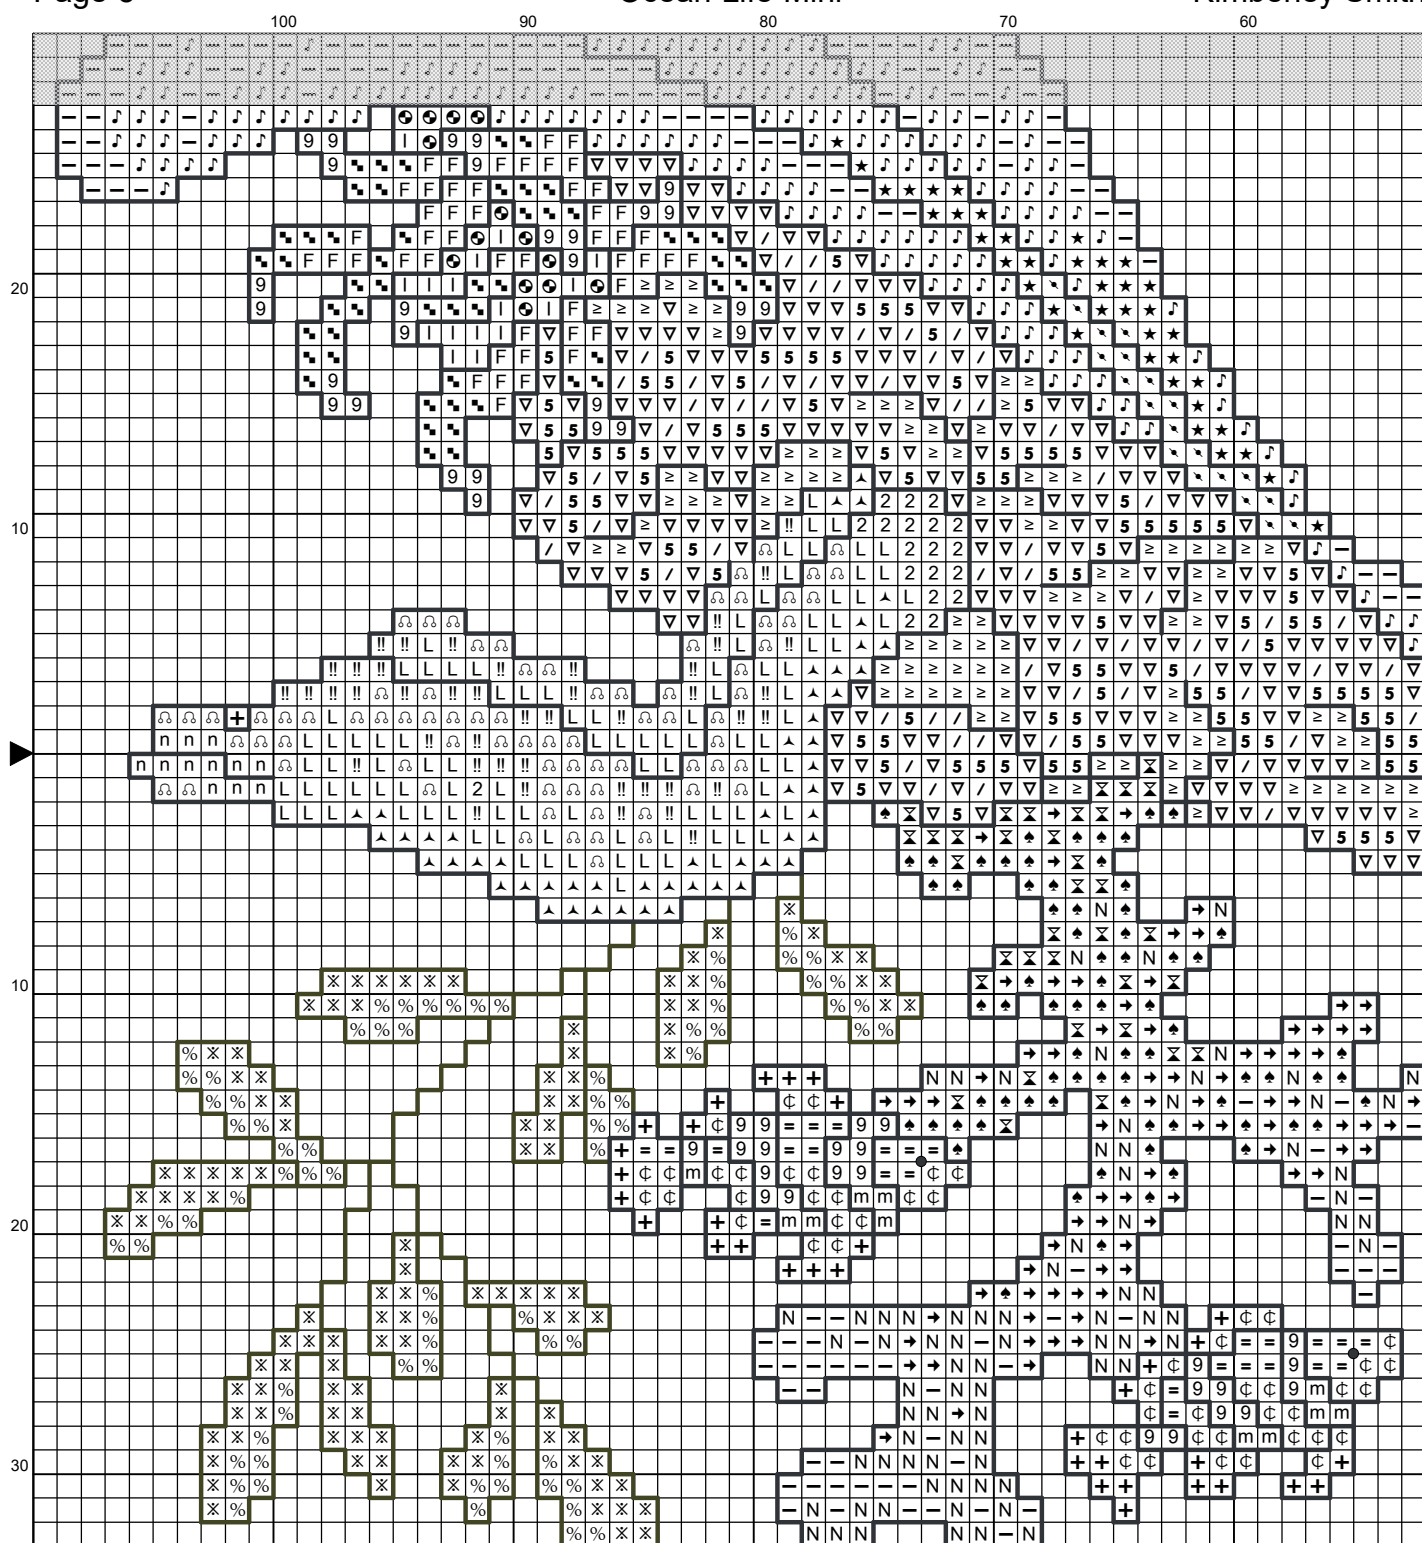

Instead of the small stitched bubbles you can use size 8/0 pearl colored glass seed beads. The beads used for the model stitch are by Bead Treasures, White Ceylon.

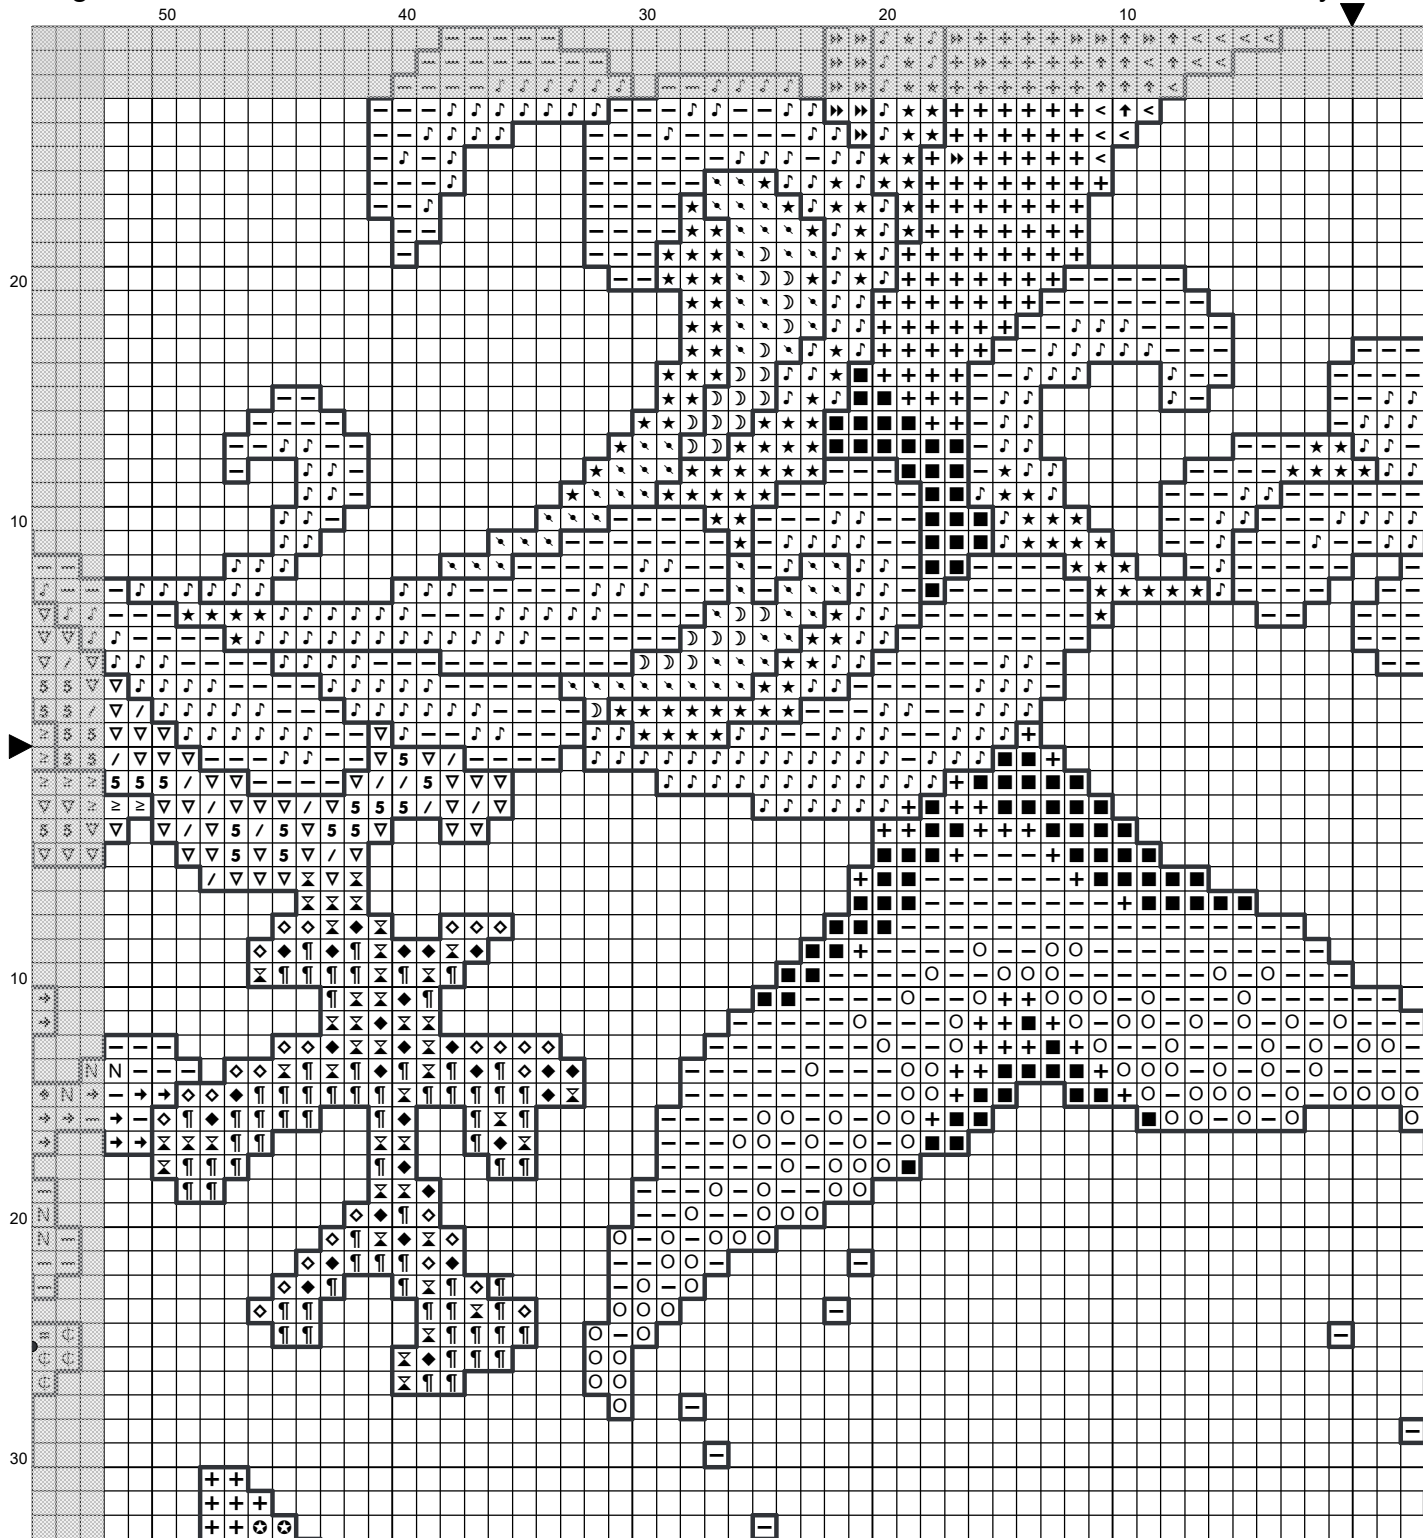

Also, for the small fish, instead of French knots, tiny black seed beads work well.
